Rolls-Royce Technical Authority Approval – Element Materials Technology Seville, S.L.U.

Dear Element Seville,

Following my audit in May 2025, as Technical Authority for Rolls-Royce plc, I am pleased to approve Element Seville for the following. These approvals will last until 28th May 2027 or until there is a significant change. Scope of the approval is as follows:

Manufacture of Organic Matrix Composite panels and Ultrasonic Inspection of panels
Manufacture and Conditioning of samples

Static Testing, at room and non-ambient temperature

- Tensile
- Compression
- Flexure
- Shear
- Peel

Fatigue Testing, at room and non-ambient temperature

- Tensile
- Compression
- Flexure

Determination of Thermal Properties but DSC and DMA

Kind regards,

Thomas Buss
