Objet: RE: GT193 Certificate for supplier: T2580

Catégories: Catégorie rouge

Gerard,

I hope all is well.

There is an issue with our system not recognizing you as the QM at this location. Until this is resolved, your facility will remain intact and certified.

You can use this communication as acknowledgement of this until the issue is resolved. At which point when the system will allow me to update and release, I will do so.

I apologize for the inconvenience.

Sincerely, Jon

Jonathan W. Cohron, Ph.D.

Remarks Section

Remarks:
—

This is to certify that a review has been completed of your technical resources and quality system controls used for the above named process(es) and found them to be capable of satisfying the requirements of the above specifications, subject to the limitations in GE Aviation Quality Specification S-1000 for Category I or II Suppliers.This a does not in itself constitute a waiver of specification requirements as to inspection, testing, maintenance of records, and/or other provisions of the Purchase Order/Sub Contract, nor does it guarantee the acceptance of articles produced for the General Electric Company. Requirements for the submission and qualification of individual parts/samples or other items as contained in specifications, engineering drawings or Purchase Order will be completed as outlined. Inspection of the facilities for which this certification is granted may be conducted at anytime by a GE Aviation Representative to determine continued compliance with GE Aviation requirements.

The Certification shall expire October 31, 2026 unless canceled by a GE Aviation representative.
